

Organization Impact Receives the 2010 Annual TNAHSA Business Partner of the Year Award

Nashville, TN (August 3, 2010) – Organization Impact was honored this week as the *Business Partner of the Year* at the 2010 annual conference for the Tennessee Association of Homes and Services for the Aging. TNAHSA selects one business partner annually that has made a significant impact in progressing the association’s initiatives throughout the last year.

TNAHSA is an association of facilities and professionals providing quality housing, health, community and related services for the elderly. Their mission represents and promotes the common interest of its members through leadership, advocacy, education, communication and other services in order to enhance member's ability to serve their constituencies.

“Among this year’s nominations, Organization Impact was an obvious choice because of the consistent personal service extended to facilities across the state to help encourage and develop our team members,” says Stephanie Harville, Executive Director at Morningside of Gallatin and TNAHSA Education Committee member. Organization Impact has been an education partner with TNAHSA since 2007. “It is a privilege, says Kayla Barrett, president of Organization Impact, “to work with folks who provide such an important service to the men and women who represent our grandmothers and grandfathers. We are honored to receive this award.”

Organization Impact, LLC specializes in educational workshops and consulting services in the areas of leadership development, human resources and employee engagement. Customized course content and resources are available for the corporate marketplace, non-profit sector and ministry organizations.
